100%

Hiring staff has never been easier
with our 100% digital solution.

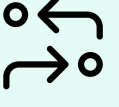

4 Countries

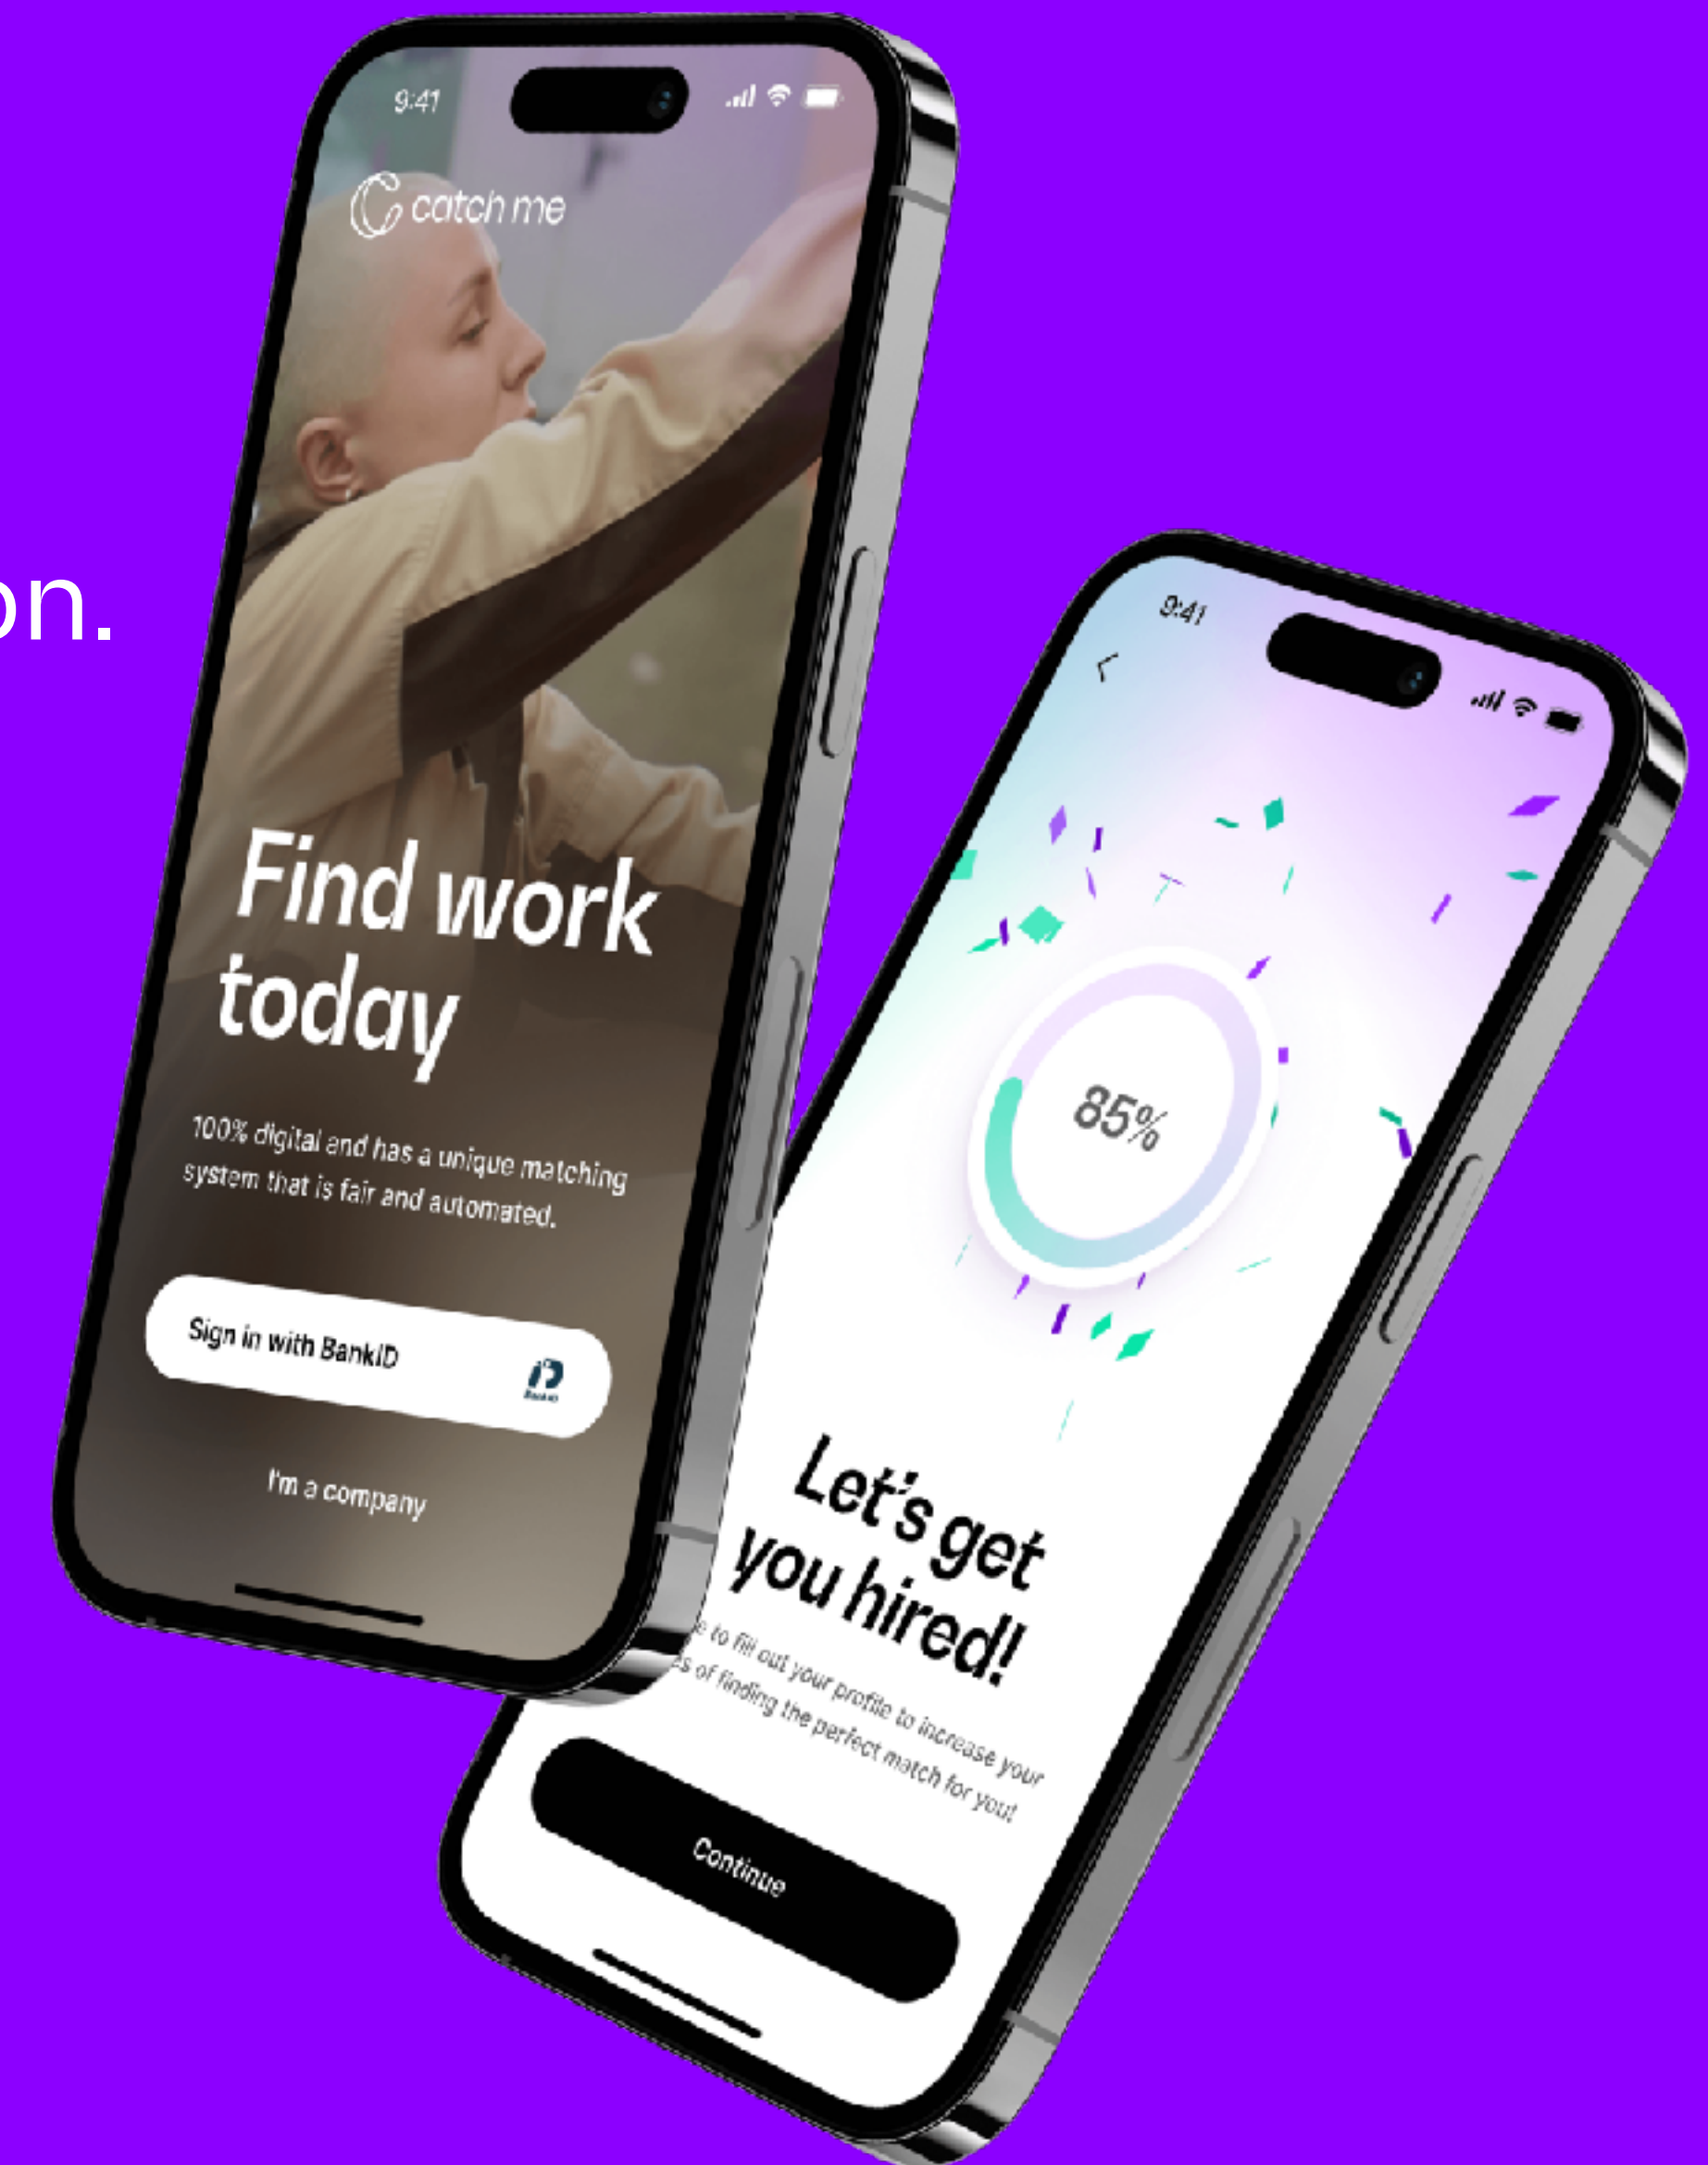

By the end of 2024, Catch Me will be available in
Sweden, Denmark, Norway and Finland.

Product

Catch Me redefines the recruitment process with its innovative and efficient digital solution.

-  Simple registration with Bank-ID
-  Proficiency testing by Test Gorilla
-  Fully automatic and anonymous matching process
-  Instant payments via Swish

How it works

Job registration

Employers post vacancies with detailed requirements.

Seamless matching

Candidates verified via Bank ID are matched to jobs, replacing traditional interviews.

Work & compensation

Employees work their shifts and receive same-day payment.

Performance feedback

Post-shift ratings influence future job prospects.

Digital efficiency

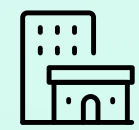

Streamlines recruitment, ensuring fairness and rapid payment, revolutionizing job market dynamics.

How Catch Me works for employers

Simplify your recruitment process with Catch Me's streamlined platform, designed to connect you with the right temporary staff efficiently. Here's how:

Register your company: Begin by selecting your industry to ensure matches with the right workers.

Sign & go: After creating your login and defining your services, sign the digital contract to activate your account.

Recruitment made easy: Post your job listings, specifying tasks, number of employees needed, and hourly wage.

Schedule & location: Input the work schedule, location, and any job-specific requirements like certifications or licenses.

Start matching: Add a contact person for new hires and complete your billing information to initiate the matching process.

The image shows two overlapping tablet screens displaying the Catch Me registration process for employers. The foreground screen is titled "Who are you?" and prompts the user to "Complete the fields below to create your Company Profile". It features a sidebar with a progress indicator showing four steps: "Select sector" (completed), "Account details" (completed), "Company information" (current step), and "Sign contract" (pending). The main form fields include: "COMPANY NAME" (with a placeholder "Company, Inc." and a note "This will be the name displayed on your job postings"), "WEBSITE URL" (with a placeholder "https://company.com" and a note "This will be used to validate your company"), "COMPANY BIO" (a text area with a placeholder "Text about us..."), "BACKUP ACCOUNT EMAIL" (with a placeholder "john.doe@fns.com" and a note "This will be your backup account email"), and "COMPANY LOGO" (with a placeholder "Add"). The background screen is titled "Account details" and prompts the user to "Choose email and password". It has a sidebar with "Select sector" (completed) and "Account details" (current step). The top right of the background screen has links for "Having trouble?" and "Get help".

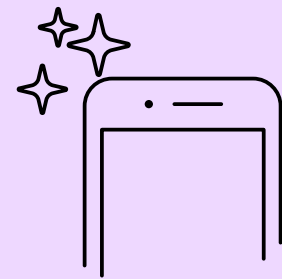

Catch Me use case

LHC Event success story

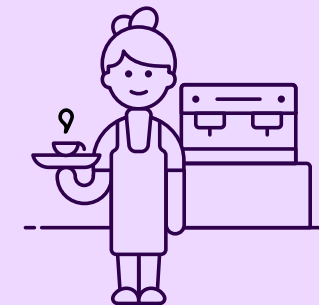

LHC Event

Launch & trial

Catch Me tested in February 2024 with LHC Event, a major employer for young people in Linköping.

Challenge

LHC needed flexible staffing for events of varying sizes.

Solution

Listed jobs on Catch Me; all positions filled within 15 minutes.

Employee Feedback

“Incredibly easy to understand and use.

“Received timely reminders and got paid the same day via Swish.

“So smooth!

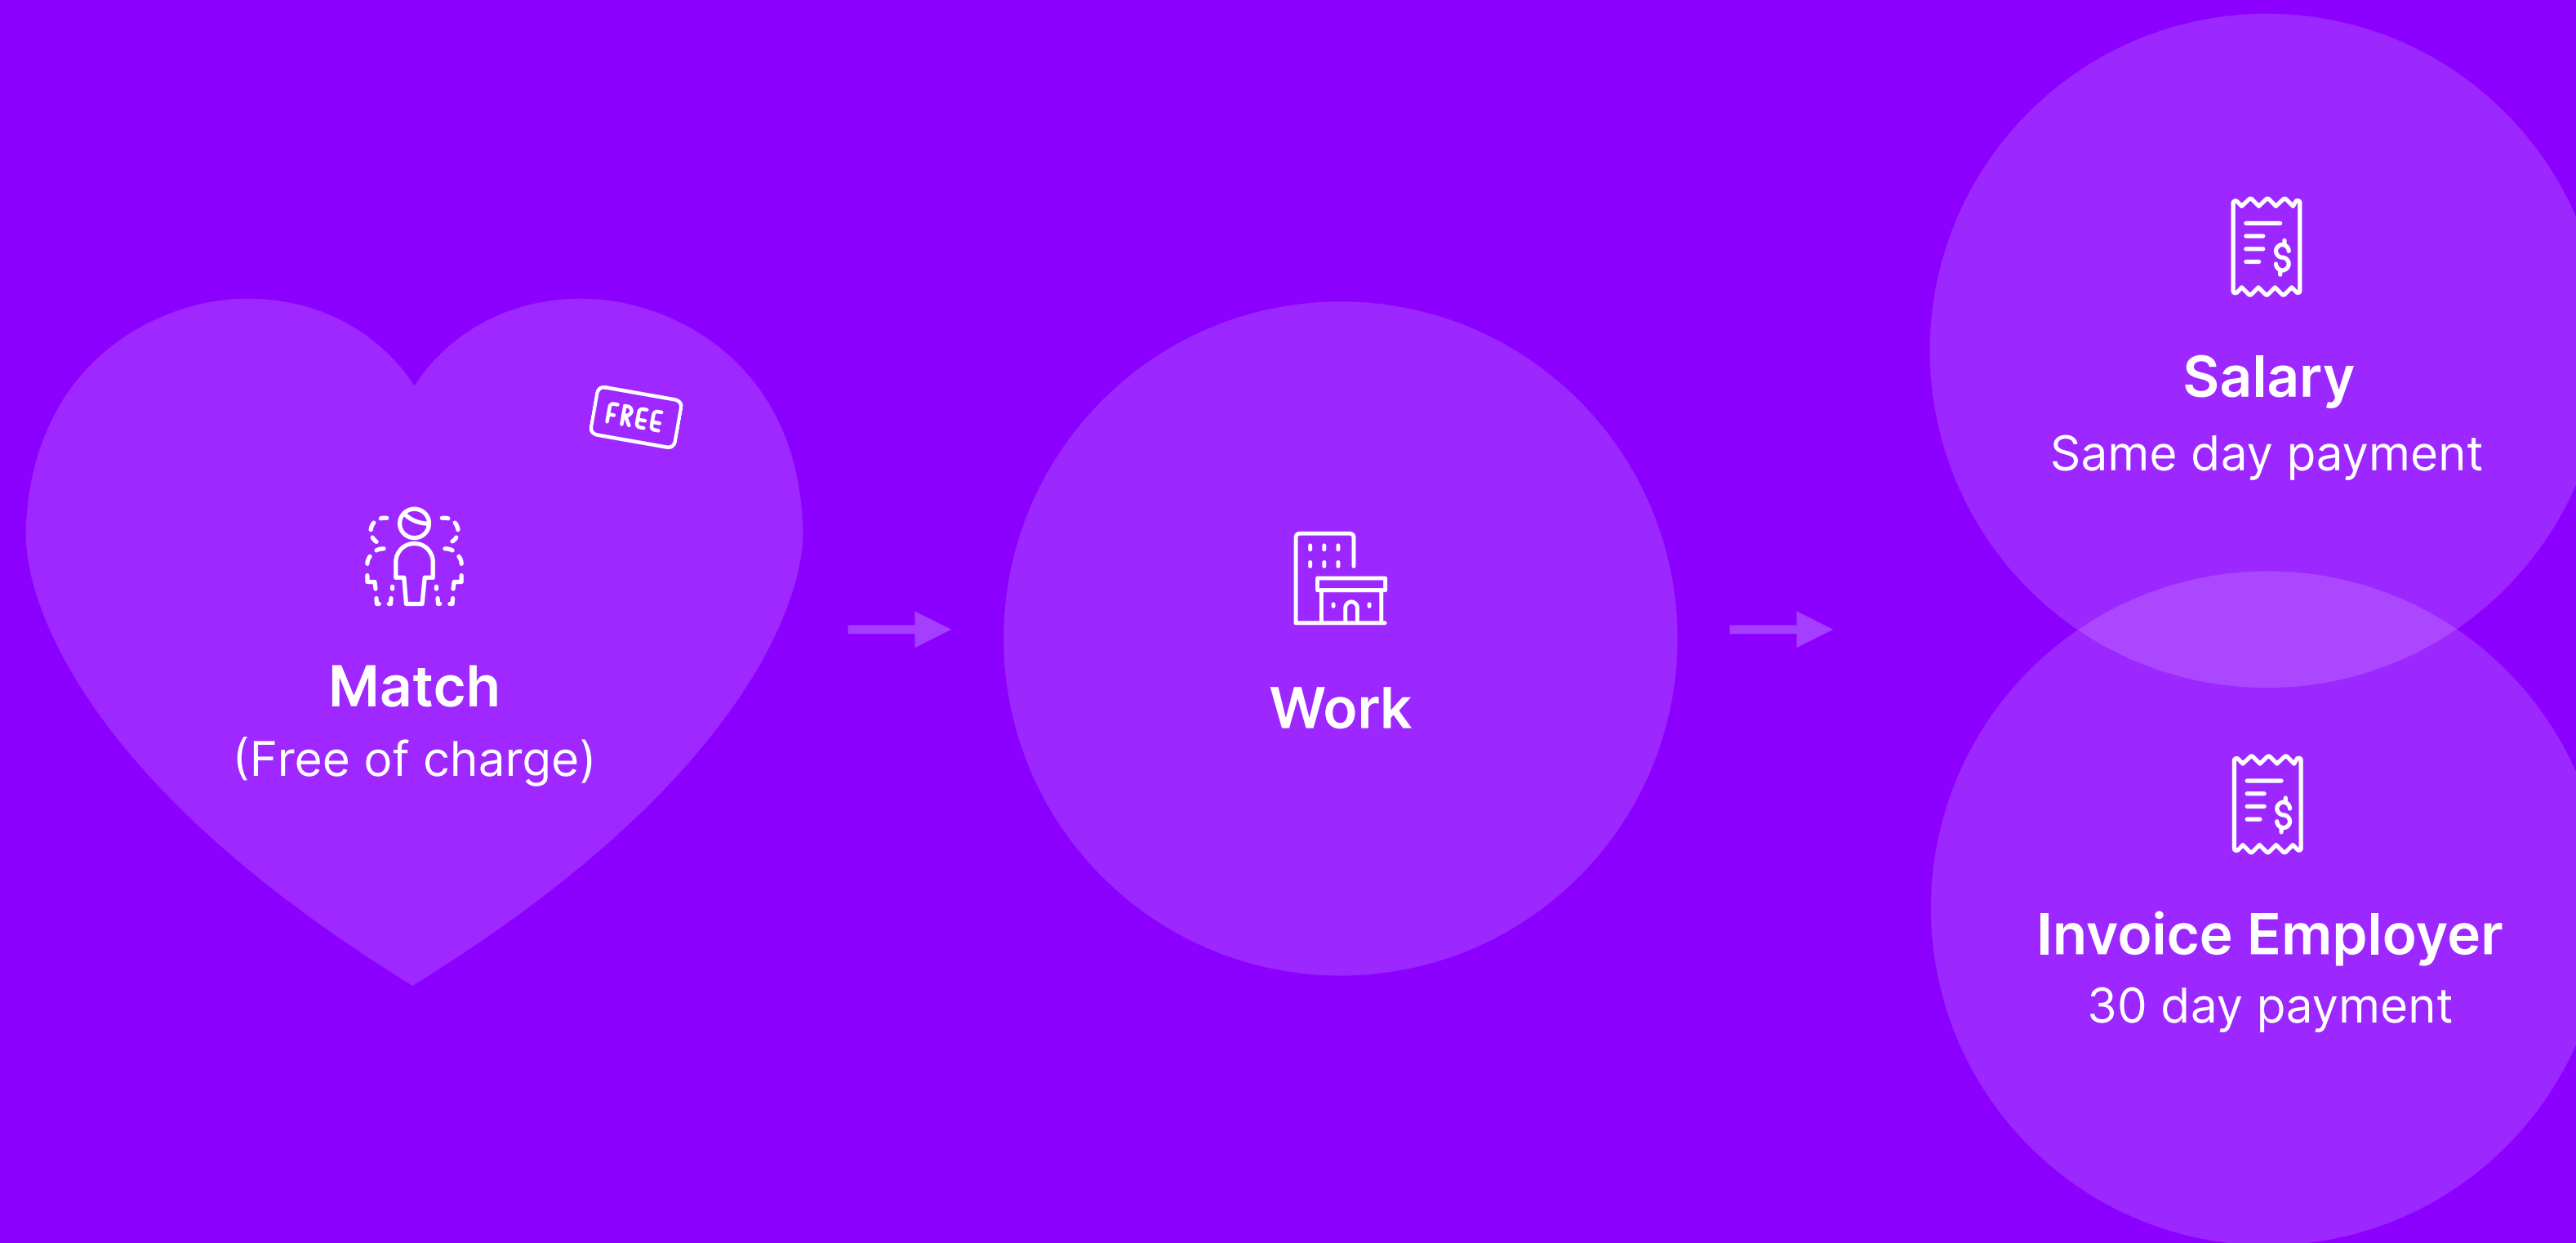

Employer Feedback

“Very smooth process; the system handles everything.

“Will definitely use Catch Me again. It was so quick and easy.

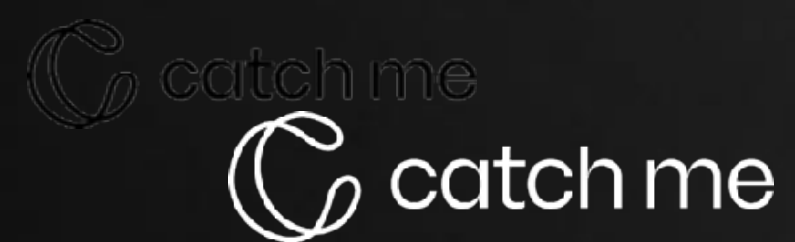

Payment Model

Catch Me streamlines your hiring process with a focus on efficiency, quality, and affordability. Our model ensures you pay only for successful outcomes, with clear, per-hour fees after work completion. Experience the future of recruitment: straightforward, cost-effective, and designed around your needs.
